

SUPPORT OPPORTUNITIES

Arts on the Move is a bi-weekly streaming podcast with interviews and discussions on hot topics in the performing arts. Join us on the 1st and 3rd Thursday of each month for new episodes featuring special guests, talented emerging artists and musicians, and professionals from the industry. We'll also cover historical performances and speak with prominent community leaders. On occasion major performers will stop by and talk about their work and artistic contributions. There's something new to be learned with every episode.

This program is produced by the Valley Cultural Foundation, a non-profit organization that embraces diversity of talent, community, business and education, by providing live entertainment programs and events in the arts. A vital community resource, the Valley Cultural Foundation provides arts appreciation, music education, and arts outreach for Valley students, as well as programs that support its senior population.
